bulthaup partners

At bulthaup, employees feel just as personally responsible now for the expertise, quality and reliability that the company delivers as they did in the early days.

For clients who want or need custom solutions, the bulthaup partners form the link between the development department and the customer's requirements.

With over 1,000 employees and trading partners from some 50 nations, bulthaup is a cosmopolitan global company.

bulthaup

As well as over 500 bulthaup partners worldwide, the company also has leadshops in the world's great cities, including Munich, London, New York and many more.

The aim is to bring the market network even closer together. In these stores, customers, architects and friends of bulthaup will find the ideal atmosphere for meeting and interacting.

The firm operates subsidiaries based in Germany, the UK, France, Italy, Spain, the Netherlands, Switzerland, Japan, Hong Kong and the USA.
